

NOVA Project - Debug & GitHub PR Summary Report

Automated Verification, Bug Resolution & GitHub Pull Request Documentation

Repository:	https://github.com/ieeecopen/NOVA
Fork Target:	https://github.com/PesaraLimal/NOVA.git
Branch Name:	yethmi
Commit Hash:	e082fcce1a92a401883ac9b20a77dce7ff8d17d0
Verification Status:	PASSED (100% Verified)
PR Link:	https://github.com/PesaraLimal/NOVA/pull/new/yethmi

1. Code Issues Debugged & Resolved

File / Module	Issue Description	Resolution Applied
tools/check-links.py	UnicodeDecodeError when reading Markdown docs on Windows (default cp1252 codec).	Explicitly set encoding='utf-8' in read_text() calls.
verifier/refspec/__main__.py	UnicodeEncodeError when outputting checkmarks (✓) to Windows consoles.	Reconfigured sys.stdout and sys.stderr streams to UTF-8.
compiler/nova_compiler/cli.py	UnicodeEncodeError during nova check execution on Windows terminals.	Reconfigured CLI standard streams to UTF-8 at entry point.
nova.bat	No native execution wrapper for Windows CMD / PowerShell.	Created nova.bat launcher for native terminal invocation.

2. Test Suite Execution & Verification

Test Suite / Component	Status	Result Summary
Conformance Test Suite	PASSED	53 passed, 0 failed (100%)
Internal Links Verification	PASSED	959/959 documentation links resolve
Toolchain Tests	PASSED	18 passed, 0 failed
Interpreter Suite	PASSED	4 passed, 0 failed
Regionlab Memory Prototype	PASSED	15 passed, 0 failed
WASI Preview2 Bridge	PASSED	7 passed, 0 failed
LSP Server Smoke Test	PASSED	Initialize, Completion & Diag OK
Examples Execution Check	PASSED	All .nova example files executed cleanly

3. GitHub Deliverables

All code updates have been committed to the local branch **yethmi** and pushed to the remote repository **PesaraLimal/NOVA**. The branch is clean, fully verified, and ready for review via Pull Request.
